

HAVE YOU EVER SUFFERED OR KNOW
ANY MIGRANT WOMAN WHO HAS
SUFFERED **SEXUAL HARASSMENT** AT
WORK AND/OR IN PUBLIC PLACES?

At LAWA we offer support in Spanish, Portuguese and English, for Latin-American and other racially and ethnically minoritized women who have suffered from sexual harassment that can be considered harmless, that can range from:

- **Non-verbal** behaviors such as jokes, whistles (catcalling), gestures of sexual connotation,
- **Verbal** comments of a sexual nature such as questions about your sex life, or about your sexual orientation.

This harassment may not seem like a big deal but it can lead to an aggression or physical sexual abuse that can range from unwanted touching, to an intent to rape, rape and / or sexual torture.
